

downtown need network

connecting resources for homelessness in downtown corpus christi

ways to give

Ways to Give: **Make a Monetary Donation**

A productive alternative to giving cash is to contribute to one of the local organizations providing shelter and rehabilitation services. The following organizations in the downtown area are linked on our website: [Salvation Army of Corpus Christi](#), [Metro Ministries](#), [Loaves & Fishes](#), [Mother Teresa Shelter](#), [The Purple Door](#), [Good Samaritan Rescue](#), [Mission 911](#). Visit **www.downtownneednetwork.com** for links to donating directly to our neighborhood organizations.

Ways to Give: **Donate Needed Goods**

Donated goods are critical to help organizations provide those in need with essential items such as toiletries and hygiene products. Most of these items need to be donated new, but some can be lightly used second-hand in good condition. For more information on donating goods, visit **www.downtownneednetwork.com**.

What To Do If You Are Panhandled

Individuals that are struggling with poverty will most often resort to panhandling as a last resort, so it's important to regard them with respect and compassion when declining. Providing cash is your choice, but has been known to prolong homelessness. If you are aggressively panhandled, please report the incident to local authorities.

Visit **www.downtownneednetwork.com** for more information.
